August 12, 2016

IMPORTANT: PLEASE RETAIN THIS LETTER IN YOUR FILES

Carrie O'Connell
Flow Safe, Incorporated
S-3865 Taylor Road
Orchard Park, NY 14127

SUBJECT: National Board "VR" Certificate of Authorization

Dear Mr. O'Connell:

The National Board conducted an audit of your facilities for renewal of the National Board "VR" Certificate of Authorization on August 1-4, 2016. Your company successfully demonstrated their quality control system for valve repair. Based upon your requested scope, testing of verification valves was not required per NB-514, paragraph 4.0. We are pleased to advise that you have completed all requirements for renewal of the National Board "VR" Certificate of Authorization.

Enclosed is your renewed certificate of authorization to apply the National Board "VR" repair symbol stamp to ASME Code symbol stamped/National Board capacity certified relief valves which you have repaired to the requirements of the National Board.

PLEASE NOTE THE EXPIRATION DATE: January 29, 2020

A renewal notice will be E-mailed ten months prior to the expiration date.

Sincerely,

Allison Cline
Executive Assistant
Pressure Relief Department
